TERRIBLE DEATHS.

Two Aged Germans Killed by a Train at South Bend--Killed From a Four-Story Window.

SOUTH BEND, Ind., Dec. 15.—While Mr. and Mrs. Jacob Shaffer, aged Germans, were crossing the Lake Shore and Michigan Southern tracks, Saturday night, their wagon was struck by a train and both were instantly killed. The horses were thrown some distance and one was cut to pieces.

A DAUGHTER'S UNTIMELY DEATH.

NEW YORK, Dec. 15.—Frances Rhind, who lived in the Hotel Albert, 11th street and University Place, was killed early yesterday morning by falling from a fourth story window of the hotel. Early in the morning a guest at St. Stephen's hotel, next door, heard a loud crash of breaking glass, and aroused by a woman's shrieks, he opened his window and saw the prostrate form of a small woman lying in the yard of the hotel. She was taken into the St. Stephen, and shortly afterward her father, an old man, came in from the Albert and recognized the mangled form of the woman as his daughter, Frances. The woman was still alive and was taken to a hospital, where she died shortly after being admitted. Miss Rhind, who was forty years old, had lived with her father and mother at the Albert hotel for the past fourteen weeks. The family came from the south and it is said they are related to the late Commodore Rhind, of the United States navy. The father and mother are prostrated at their daughter's untimely end.

THRILLING ADVENTURE.

A Handsome Woman Attempts Suicide and Shoots at Her Rescuer.

WOODBRIDGE, Mass., Dec. 15.—James M. Callahan, a switchman at the Green street crossing, had a thrilling adventure Saturday night. Just as the express train was about to pass he glanced from a window of his shanty when he discovered Hannah Dillon, a handsome and elderly woman, on the up track directly in the way of the incoming train. The woman was intoxicated and absolutely refused to be led to a place of safety. Callahan endeavored to remove her by force, when the woman drew a revolver and fired point blank at him. Callahan threw her arm aside and the bullet flew wide of its mark. The woman leveled the revolver again and before he could seize her arm the shot was fired, the bullet passing through Callahan's coat. The weapon was then wrestled from her. After a desperate struggle the woman was dragged into the shanty and her hands tied. The police were notified and the woman was taken to the lock-up. The woman accuses Callahan of betraying her and she says she deliberately placed herself on the track, knowing that if Callahan saw her he would rescue her. She then intended to kill him as he carried her from the track in his arms. She is believed to be insane.

Prosecuting Train Men.

LOUISVILLE, Dec. 15.—W. J. LeRoy, a freight conductor of the Louisville and New Albany road, was arrested last night. His arrest, it is alleged, is the first of a wholesale prosecution to begin at once against train men on the road. They are accused of systematically breaking into and robbing freight cars, and it is even charged that wrecks have been arranged in advance to cover evidence of wholesale thefts. These thefts, it is stated, are part of a conspiracy against the road which has existed since the strike of three months ago.

Serious Charges.

CLEVELAND, Ohio, Dec. 15.—Mayor Gardner was suddenly called from his office Saturday morning to visit the bedside of a noted law breaker, August Fay, whose parents were once wealthy and respected residents of this city. To Mayor Gardner, Fay made serious charges against Superintendent J. W. Schmidt, of the Cleveland police force, declaring that Schmidt has extorted large sums of money from him at various times during his administration.

WHEELING, W. Va., Dec. 15.—A charter has been granted here for the formation of the largest tobacco company devoted to the manufacture of a single brand in the world. The Block Tobacco company is the corporation, and it has a capital stock of \$4,000,000. The principal stockholders are Aaron and A. M. Block, of this city, Hubbard, of the Westinghouse, of Pittsburgh, and Benjamin Butterworth, of Cincinnati.

Fatal Wreck.

CHARLOTTE, N. C., Dec. 15.—There was a disastrous wreck on a branch line of the Danville road near Laurensville, Saturday night. A construction train jumped the track and piled up alongside of it. John Lawrence, James E. Walling, John Ellis and Robert Scott, members of the train's crew, were taken out of the wreck dead. Four others were badly injured.

SALOONS WILL CLOSE.

Sixteen Hundred Will Quit on January 1st Chicago--Brewers Tired of Paying for Licenses.

CHICAGO, Dec. 15.—It is announced that all the resident brewers have decided to cease advancing money to saloon keepers for the purpose of procuring licenses, and the result is that probably 1,600 saloons will close their doors the first of the year. Many of the breweries have for several years been in the habit of doing even more than advancing the money. They have relieved the saloon keeper of all responsibility in the matter, and have sent their agents to the city hall, and had them procure the license for the customer and take it around to him. One or two brewers have gone further. They have paid the free-lunch-counter expenses of their customers. This was all done to keep the brewers' signs out, and the burden has been heavy, each license costing \$500 per year. Most of the saloons which will be closed are on the outskirts of the city, and in localities which are not particularly beer drinking neighborhoods. But there are a number of down-town resorts that will also pass out of existence, some what to the surprise of the public. Not only have the brewers grown weary of advancing money for the purpose named, but the largest measure of complaint has come from those saloon-keepers who have been able to make both ends meet. These claim that it is not for the brewers to give the man who asks the advance a better chance than the man who pays cash. There are now 5,600 saloons in the city, and the number, it is believed, will be reduced to four thousand next year.

CONTINUES TO IMPROVE.

Both Kennedy and Kuhns in a Fair Way to Recover.

Policeman Kennedy continues to improve, and his condition is most encouraging to the physicians in charge. He was reported to-day to be feeling much better, and the probability is that his recovery will now be rapid and complete. He rests well, and withal is doing just as finely as could be expected. Kuhns, the desperado, is also doing remarkably well, and it seems safe to predict his complete recovery at no distant day. Yesterday morning he arose early, dressed himself, even to putting on and tying his shoes, and was as "chipper as a sparrow" throughout the entire day. His condition is now so improved that the sheriff will take extra precautions with him to prevent him making use of any possible opportunity for escape. Kuhns is dead set against the reporters, though if he only knew it, they are the only friends he has in the city. To-day, a number of the "regulators" from near his home called on him in the jail, but the prisoner would not converse with them. He has grown very reticent and will not talk. He claims he has already said more than he should.

REVISING THE CONSTITUTION.

The Catholic Mutual Benevolent Association Completes Its Work.

BUFFALO, N. Y., Dec. 15.—The work of the revision of the Catholic Mutual Benevolent association constitution was completed Saturday by the committee on laws of the supreme council. The amendments to the constitution made at the Niagara Falls convention last summer were about forty. A member of the committee said that the principal amendment made was the abolishment of the clause referring to a separate beneficiary. Heretofore when a council numbered 2,000 members it was allowed to maintain a separate beneficiary fund at the expense of the remaining members of the order. Canadian branches had begun to desire this also and it was judged best to stamp out the privilege before it had gained further ground. Copies of the new constitution will be ready for distribution by the end of the week.

DEFENDS THE INDIANS.

Chaplain Nave Says They Should Be Allowed Their Ghost Dances.

WASHINGTON, Dec. 15.—Rev. O. J. Nave, an army chaplain who has spent eight years among the Indians, made an interesting address last night at McKendree Methodist Episcopal church on the Indians and the relations of the government toward them. Dr. Nave said he was not in harmony with the general course of the government towards the Indians. He thought we were wrong from the first. The government's administration of the Indians had, he said, been mismanaged. He disagreed with the belief that the Indians were savages. The American people had made them savages. Promises had been broken so often that the Indians had at last lost confidence in the white people, said Dr. Nave. He contended that the government had no right to forbid the ghost dance. "If it were a war dance," he said, "calculated to inflame the Indians, there would be some reason for this. But the dance is only a religious ceremony. The Sioux, catching the doctrine of our Christianity, look for a deliverer. They were called upon by Short Bull's harangue and sermon, to appear at Post Creek naked—men and women naked. They were to carry absolutely nothing with them. Does that look dangerous? Does that look as though it was intended as a hostile demonstration?" In conclusion, Dr. Nave said that lawless characters among the Indians were no more common than among the whites.

Mr. T. N. DeVilbiss has received information from Lafayette, La., relative to the death of Alexander DeVilbiss, mention of which has heretofore been made. The coroner from that place writes that, the cause of death was profuse hemorrhage of the lungs. The occupants of the hotel in which Mr. DeVilbiss died, testified that he had had a hemorrhage the evening before, and there were evidences found in the room of a renewal of the same during the night. No postmortem was held, as the cause of death was evident. The land lady, Mrs. Morgan, testified that she found him dead in his bed when she went to call him at 6 o'clock in the morning. It was not possible to secure a zinc lined coffin in the place in which the remains could be placed according to law. The body was therefore interred at that place. Mr. Thomas DeVilbiss expects to go to Louisiana in January to make arrangements for the final disposition of the remains.

To-day Lewis Meisheimer, a compositor, who has been connected with this office for ten years, and who learned his trade here, left for Asheville, North Carolina, a beautiful little city that nestles among the mountains at an altitude of 6,000 feet above the sea. "Law" will take employment at his trade there and as he is a good printer he will have no difficulty of finding a lucrative and agreeable place. His wife will join him in the course of a few weeks, the object of their leaving at Asheville being to find for her the relief from asthmatic trouble that the climate is so noted for giving.

Pastor Sims addressed a very large audience last evening on the "Seven Golden Candlesticks," giving the key to the entire book of Revelations. Great interest prevailed. At the morning service Pastor Sims received a unanimous call from the congregation to labor for them another year.

A man and his family, consisting of a wife and six small children, were found on the streets in a most destitute condition Saturday evening by Postmaster Higgins. The Huntington Democrat says: "A badly crippled man named George Smith, from Fort Wayne, stopped at the residence of T. M. Shanks, in Clear-creek township, last Wednesday evening and accidentally fell into a cellar through an open door. His knee was badly injured and he was unable to be moved till to-day, when he was brought to the city."

This evening at the Catholic school house, at the corner of Griffith and Washington streets, will be celebrated the twenty-fifth anniversary of the building of the St. Paul's church, and also the twenty-fifth anniversary of the pastorate of Rev. Father Koenig. Exercises appropriate to the occasion will be had, and the event will be an interesting one.

The funeral of ex-Sheriff W. D. Pratt took place yesterday afternoon and was very largely attended. The services were at the Cathedral and the interment took place at the Catholic cemetery here. POOR OLD SOLDIER.

His Wife Maltreats Him and He Seeks to Sever the Bonds Which Ties Him.

A complaint has been filed in the circuit court by Nicholas Feaser, asking that the judge decree him a divorce from his wife, Mary A. Feaser. The complaint is drawn by W. and E. Leonard as attorneys, and recites the fact of their marriage and shows that to the couple have been born two children. The plaintiff was a soldier, and by reason of his service and devotion to his country's cause, he is now disabled, unable to work, and frequently is confined to his bed from his troubles. In such unfortunate condition his wife does not prove to be the helpmate she should be, but instead of kindly caring for him, she resorts to abuse, calls him bad names, and even threatens to knock out his brains. Failing thus to provide and care for him in times of need, he has as a last resort concluded to ask the interference of the court, and prays it to smother the ties that now bind the couple as husband and wife, especially so, as they separated on the 15th of October last, and will have no more to do with each other.

JACK, THE KISSER.

The Contemptible Whelp Continues to Annoy Ladies in This City.

The profligate scoundrel who is denominated Jack, the Kisser, continues to annoy the lady residents of the western part of the city, and thus far has successfully eluded the vigilance of the police and their earnest efforts to capture him. He is growing bolder in his acts, and the case is assuming a somewhat serious aspect. He manages to keep entirely out of the reach of the officers, and although they have been seeking for him for days past, they have thus far been unable to find him. On Sunday evening the fellow was particularly odious, and a number of women were accosted and insulted. His field of operation was then on Berry street, west of Broadway. It is to be hoped that the villain will be apprehended and given the punishment he so richly deserves.

MATRIMONIAL SURPRISE.

The Marriage of Mr. Robert Dreibell and Miss Clara Backwalter.

Last evening at the studio of Rev. Zinder, the new pastor of the Salem Reformed church, occurred the marriage of Mr. Robert B. Dreibell, the secretary and treasurer of the Dreibell Abstract of Title company, to Miss Clara Backwalter, the pretty and accomplished daughter of Mr. and Mrs. Louis R. Backwalter, of West Jefferson street. The wedding was a quiet one, being performed by Rev. Zander in the presence of only a few friends, and the announcement of their marriage will be a surprise to the many friends of the two contracting parties. Mr. Dreibell is well and popularly known, while his bride numbers her friends with her acquaintances, and the young people will be the recipients of a host of congratulations. Mr. and Mrs. Dreibell sensibly concluded to forego their wedding trip and will commence housekeeping in cozy quarters on West DeWald street.

FAMILY FIGHT.

A South End Citizen Poins a Revolver and Uses It Upon His Step-Father.

A family row occurred yesterday afternoon, near Koehler's brick yard, south of the city, in which a man named Smith and his step-father, Rowland, were the combatants. The war of words grew exceedingly warm and resulted in Smith finally pulling a revolver, and leveling it at his step-father, fired. The action had the effect of badly frightening the old gentleman, but he was not hurt, as it seems the step son had loaded the weapon with blank cartridges, and his action was taken only in order to keep the old man from administering to him a severe thrashing. No arrests have yet been made in the case.

HIT WITH A ROCK.

A Printer's Head Proven Not to be as Hard as the Missile.

Kendall R. Waters, familiarly known as "Bob" Waters, is one of Fort Wayne's well known printers, and he now has his head bandaged as a result of having been hit with a large sized rock. Mr. Waters was returning home Saturday evening, when a boy named John Miller shied a goodly sized boulder at him. The missile struck Waters upon the head, cutting a large sized gash therein. Later he was arrested on a charge of assault and battery, and this morning a hearing was given him before Squire Hays. The charge preferred was assault and battery, and the justice assessed a fine of \$10 and costs. The fine was stayed, and the prisoner was released.

Young Miller, on his part declined to let Waters have matters all his own way, and has a somewhat different version of the above transaction. He claims Waters first struck him, and at the conclusion of the suit in Justice Hays' court he filed a complaint in the court of Justice France charging him with assault and battery. Waters was thereupon assessed a fine of \$1.00 and costs.

Miller also filed a complaint against John Tuttle, charging him with provoke, and the case is being heard this afternoon before Squire France.

WILL TAKE MEISE.

The Officers of Whitley County Want the Rascal and Help Sent to Columbia City.

W. G. Gandy, deputy prosecuting attorney of Whitley county, was in the city this morning, and made a demand for Meise, the companion of Kuhns, in the late shooting scrape at Churubusco.

He is wanted on several charges, the latest one being his recent escapade. The Allen county officials complied with the request, and Meise was given into his custody. The prisoner made a great amount of fuss about his wounds being so sore, but that has been a common complaint with him. Although having received merely a flesh wound, he has complained much more of his suffering than has Kuhns with a number of bullets in his body. Meise's protests did not avail him anything, and he was compelled to go to Columbia City.

Hood's Sarsaparilla is the great blood purifier which dissolves the bonds of disease, gives health and perfect physical liberty.

A DAUGHTER'S UNTIMELY DEATH.
New York, Dec. 15.—Frances Rhind, who lived in the Hotel Albert, 11th street and University Place, was killed early yesterday morning by falling from a fourth story window of the hotel. Early in the morning a guest at St. Stephen's hotel, next door, heard a loud crash of breaking glass, and aroused by a woman's shriek, he opened his window and saw the prostrate form of a small woman lying in the yard of the hotel. She was taken into the St. Stephen, and shortly afterward her father, an old man, came in from the Albert and recognized the mangled form of the woman as his daughter, Frances. The woman was still alive and was taken to a hospital, where she died shortly after being admitted. Miss Rhind, who was forty years old, had lived with her father and mother at the Albert hotel for the past fourteen weeks. The family came from the south and it is said they are related to the late Commodore Rhind, of the United States navy. The father and mother are prostrated at their daughter's untimely end.

THRILLING ADVENTURE.

A Handcuffed Woman Attempts Suicide and Shoots at Her Rescuer.

WOODRIDGE, Mass., Dec. 15.—James M. Callahan, a switchman at the Green street crossing, had a thrilling adventure Saturday night. Just as the express train was about to pass he glanced from a window of his shanty when he discovered Hannah Dillon, a handsome and elderly woman, on the up track directly in the way of the incoming train. The woman was intoxicated and absolutely refused to be led to a place of safety. Callahan endeavored to remove her by force, when the woman drew a revolver and fired point blank at him. Callahan threw her arm aside and the bullet flew wide of its mark. The woman leveled the revolver again and before he could seize her arm she shot him in the chest. The bullet passing through Callahan's coat. The woman was then wrestled from her. After a desperate struggle the woman was dragged into the shanty and her hands tied. The police were notified and the woman was taken to the lock-up. The woman accuses Callahan of betraying her and she says she deliberately placed herself on the track, knowing that if Callahan saw her he would rescue her. She then intended to kill him as he carried her from the track in his arms. She is believed to be insane.

At a meeting of the pastors and elders of the three Presbyterian churches yesterday afternoon, it was decided to devote the services of Dr. Wells, the evangelist, and commence a series of meetings in the three churches. The meetings will commence the first Sunday in February and will be held every evening as follows: First week in the Third, second week in the Second, and the third week in the First church.

Dr. and Mrs. O. R. Stamen very pleasantly entertained a number of young friends of their daughter, Mamie, last Thursday evening, at their residence, 25 Broadway, in honor of the fifteenth birthday anniversary of the young lady. Those present were the following: Misses Lulu VanSlyke, Hattie Newcomer, Clara Floyd, Lizzie Mahin, Ella Orr, Minnie Acker, Aurilla Asker, Daisy Barber, Annie Brunner, Minnie Frank, Grace Liggett, Lillian Shnyder, Sallie Kendrick, Cora Wilkins and Carrie Holmes, Messrs. Clarence Smith, John Tunney, Hugh Fisher, John Anderson, Fred Hartman, Harry Stonecifer, Herbert Stonecifer and Willis Law.

SALOONS WILL CLOSE.

Sixteen Hundred Will Quit on January 1 at Chicago—Brewers Tired of Paying for Licenses.

CHICAGO, Dec. 15.—It is announced that all the resident brewers have decided to cease advancing money to saloon keepers for the purpose of procuring licenses, and the result is that probably 1,600 saloons will close their doors the first of the year. Many of the breweries have for several years been in the habit of doing even more than advancing the money. They have relieved the saloon keeper of all responsibility in the matter, and have sent their agents to the city hall, and had them procure the license for the customer and take it around to him. One or two brewers have gone further. They have paid the free-lance-counter expenses of their customers. This was all done to keep the brewers' signs out, and the burden has been heavy, each license costing \$500 per year. Most of the saloons which will be closed are on the outskirts of the city, and in localities which are not particularly beer drinking neighborhoods. But there are a number of down-town resorts that will also pass out of existence, somewhat to the surprise of the public. Not only have the brewers grown weary of advancing money for the purpose named, but the largest measure of complaint has come from those saloon keepers who have been able to make both ends meet. These claim that it is not for the brewers to give the man who asks the advance a better chance than the man who pays cash. There are now 5,000 saloons in the city, and the number, it is believed, will be reduced to four thousand next year.

CONTINUING TO IMPROVE.

Both Kennedy and Kubus in a Fair Way to Recover.

Policeman Kennedy continues to improve, and his condition is most encouraging to the physicians in charge. He was reported to-day to be feeling much better, and the probability is that his recovery will now be rapid and complete. He reacts well, and withal is doing just as finely as could be expected. Kubus, the desperado, is also doing remarkably well, and it seems safe to predict his complete recovery at no distant day. Yesterday morning he arose, dressed himself, even to putting on and tying his shoes, and was as "chipper as a sparrow" throughout the entire day. His condition is now so improved that the sheriff will take extra precautions with him to prevent him making use of any possible opportunity for escape. Kubus is dead set against the reporters, though if he only knew it, they are the only friends he has in the city. To-day, a number of the "regulars" from near his home called on him in the jail, but the prisoner would not converse with them. He has grown very reticent and will not talk. He claims he has already said more than he should.

REVISING THE CONSTITUTION.

The Catholic Mutual Benevolent Association Completes Its Work.

BUFFALO, N. Y., Dec. 15.—The work of the revision of the Catholic Mutual Benevolent association constitution was completed Saturday by the committee on laws of the supreme council. The amendments to the constitution made at the Niagara Falls convention last summer were about forty. A member of the committee said that the principal amendment made was the abolishment of the clause referring to a separate beneficiary. Herebefore when a council numbered 2,000 members it was allowed to maintain a separate beneficiary fund at the expense of the remaining members of the order. Canadian branches had begun to desire this also and it was judged best to stamp out the privilege before it had gained further ground. Copies of the new constitution will be ready for distribution by the end of the week.

The girl has taken no nourishment since last Wednesday, and says she feels no bad effects from the trances. Mrs. Woodward's big revival continues day and night and a number of the converts, including the girl's mother, go into trances of short duration.

DEFENDS THE INDIANS.

Chaplain Nave Says They Should Be Allowed Their Own Tribes.

WASHINGTON, Dec. 15.—Rev. O. J. Nave, an army chaplain who has spent eight years among the Indians, made an interesting address last night at McKendree Methodist Episcopal church on the Indians and the relations of the government toward them. Dr. Nave said he was not in harmony with the general course of the government towards the Indians. He thought we were wrong from the first. The government's administration of the Indians had, he said, been mismanaged. He disagreed with the belief that the Indians were savages. The American people had made them savages. Promises had been broken so often that the Indians had lost all confidence in the white people, said Dr. Nave. He concluded that the government had no right to forbid the ghost dances. "If it were a war dance," he said, "calculated to inflame the Indians, there would be some reason for the prohibition. But the ghost dance is only a religious ceremony of one Christianity, look for a deliverer. They were called upon by St. Paul's language and sermon, to appear at Court Creek naked—men and women naked. They were to carry absolutely nothing with them. Does that look dangerous? Does that look as though it was intended as a hostile demonstration?" In conclusion, Dr. Nave said that lawless characters among the Indians were no more common than among the whites.

POOR OLD SOLDIER.

His Wife Maintains Him and He Seeks to Never See Her Again.

A complaint has been filed in the circuit court by Nicholas Fesser, asking that the judge decree him a divorce from his wife, Mary A. Fesser. The complaint is drawn by W. and E. Leonard as attorneys, and recites the facts of their marriage and shows that to the couple have been born two children. The plaintiff was a soldier, and by reason of his service and devotion to his country's cause, he is now disabled, unable to work, and frequently confined to his bed from his troubles. In such unfortunate condition his wife does not prove to be the helpmate she should be, but instead of kindly caring for him, she resorts to abuse, calls him bad names, and even threatens to knock out his brains. Failing thus to provide and care for him in times of need, he has as a last resort concluded to ask the interference of the court, and prays it to annul the ties that now bind the couple as husband and wife, especially so, as they separated on the 15th of October last, and will have no more to do with each other.

JACK, THE KISSER.

The Contemptible Whelp Continues to Annoy Ladies in This City.

The prefigurate scoundrel who is denominated Jack, the Kisser, continues to annoy the lady residents of the western part of the city, and thus far has successfully eluded the vigilance of the police and their earnest efforts to capture him. He is growing bolder in his acts, and the case is assuming a somewhat serious aspect. His message to keep entirely out of the reach of the officers, and although they have been seeking for him for days past, they have thus far been unable to find him. On Sunday evening the fellow was particularly odious, and a number of women were accosted and insulted. His field of operation was then on Berry street, west of Broadway. It is to be hoped that the villain will be apprehended and given the punishment he so richly deserves.

MATRIMONIAL MISFEASANCE.

The Marriage of Mr. Robert Dreibell and Miss Clara Buckwalter.

Last evening at the studio of Rev. Zander, the new pastor of the Salem Reformed church, occurred the marriage of Mr. Robert R. Dreibell, the secretary and treasurer of the Dreibell Abstract of Title company, to Miss Clara Buckwalter, the pretty and accomplished daughter of Mr. and Mrs. Louis R. Buckwalter, of West Jefferson street. The wedding was a quiet one, being performed by Rev. Zander in the presence of only a few friends, and the announcement of their marriage will be a surprise to the many friends of the two contracting parties. Mr. Dreibell is well and popularly known, while his bride numbers her friends with her acquaintances, and the young people will be the recipients of a host of congratulations. Mr. and Mrs. Dreibell are cordially congratulated to have their wedding trip and will commence housekeeping in cozy quarters on West DelVald street.

FAMILY FIGHT.

A South End Citizen Pulls a Revolver and Uses It Upon His Step-Father.

A family row occurred yesterday afternoon, near Koehler's brick yard, south of the city, in which a man named Smith and his step-father, Rowland, were the combatants. The war of words grew exceedingly warm and resulted in Smith finally pulling a revolver, and leveling it at his step-father, fired. The action had the effect of badly frightening the old gentleman, but he was not hurt, as it seems the step son had loaded the weapon with blank cartridges, and his action was taken only in order to keep the old man from administering to him a severe thrashing. No arrests have yet been made in the case.

SIT WITH A KNUCK.

A Prisoner's Head Proves Hot to be as Hard as the Knuckle.

Kendall H. Waters, familiarly known as "Bob" Waters, is one of Fort Wayne's well known printers, and he now has his head bandaged as a result of having been hit with a large sized rock. Mr. Waters was returning home Saturday evening, when a boy named John Miller shot a goodly sized boulder at him. The missile struck Waters upon the head, cutting a large-sized gash therein. Later he was arrested on a charge of assault and battery, and this morning a hearing was given him before Squire Hays. The charge preferred was assault and battery, and the justice assessed a fine of \$10 and costs. The fine was stayed, and the prisoner was released.

Young Miller, on his part declined to let Waters have matters all his own way, and has a somewhat different version of the above transaction. He claims Waters first struck him, and at the conclusion of the suit in Justice Hays' court he filed a complaint in the court of Justice France charging him with assault and battery. Waters was thereupon assessed a fine of \$1.00 and costs.

Miller also filed a complaint against John Tuttle, charging him with provocation, and the case is being heard this afternoon before Squire France.

STOLEN A GUN.

The Probability is That the Culprit Will Take a Trip Over the Road.

Edward Walden is the name of a tough who has for some time been doing odd jobs about the Masonic Temple. On Wednesday last he absconded with a shotgun and a box of cartridges belonging to George Fisher, a sporting piece valued at \$35. For several days the owner could secure no trace of his missing property, but Saturday night Walden went to the second-hand store of George August Baul and sold the gun for \$3. Lieutenant Lepp received knowledge of the transaction, and about 9 o'clock found young Walden, placed him under arrest, and locked him in a cell at the station house. This morning the prisoner was arraigned before Mayor Harding, but waiving a preliminary examination, he was sent to jail to await the action of the circuit court. He is almost sure of a term at Michigan City.

WANT A CHANGE.

The Methodists of Kendallville Asking a Change in Minister.

A report comes from Kendallville to the effect that the Methodists of that part of the state pretty generally desire a change in the name of the Gosport district, north Indiana conference. The presiding elder now has his home at Gosport, and the claim is made that all parts of his work are not readily reached. This would be obviated by the removal of his residence to Kendallville, and it is desired to make that city the home of the elder and change the name of the district to the Kendallville district. The annual conference meets in Huntington next April, and it is probable that steps will be taken to effect this change.

The annual meeting of the Women's
Suffrage association at Elkhart closed
by continuing Mrs. Helen Gougar, of
Lafayette, president.

The Frankfort Times serves notice
that in the future it proposes to act in-
dependently, favoring neither party
from a partisan standpoint.

There would seem to be plenty of
room down in Texas for newspaper en-
terprises. It is the biggest state in the
union and yet there are only 600 news-
papers within its borders.

Mrs. Henry M. Stanley is so very
tall and Mr. Stanley is so very short that
when they are out together and are
seen from a distance he looks like a
little boy out with his mother.

There will be one member of the
Prohibition party in the next house.
He is a Scandinavian named Kittle Hel-
erson, and was nominated by the pro-
hibitionists of the Fifth Minnesota
district.

A number of church revivals will be
commenced immediately after the holi-
days. There will also be a series of
temperance meetings. Fort Wayne
needs an awakening on religion and
temperance.

The Chicago Herald has made a care-
ful analysis of the legislative vote in
Illinois, and finds that there are 101
democrats, 100 republicans, and three
members of the Farmers' Mutual Re-
form association in the legislature.

Geo. W. Fick, the democratic candi-
date for governor of Wisconsin, ran
7,000 behind the rest of the democratic
ticket at the recent election, but so he
has some 28,000 majority in that hereto-
fore strong republican state we don't
suppose he feels much grieved about it.

After a bitterly contested fight before
the Miami county commission, during
which over one hundred witnesses
testified, William Lancaster was re-
fused an application to sell liquor at Xenia.
This leaves but one saloon in that place,
and the people will endeavor to dis-
pense with it.

For twenty years after the taking of
the first census of the United States
there was one representative in congress
for every 33,000 inhabitants. At pre-
sent the ratio is one for each 151,012,
and unless the membership of the house
shall be greatly increased, the ratio
must be still further raised under the
new census.

Judge Lowry is quoted as saying that
Judge Mitchell's place in the supreme
court of the state will be filled by ap-
pointment from the governor for not
only the unexpired portion of his pre-
sent term, but until his successor is
elected and qualified at the next
general election, which will be two
years hence.

The Peru Sentinel says: "The legis-
lature, at its coming session, will be
asked to pass a stringent law governing
the use of natural gas. The idea that
the gas supply may be limited prompts
the prudent to desire that all waste
should be prohibited by law. Such a
law can do no harm, and may, in the
end, result in good."

The Indiana State Teachers' associa-
tion will hold its annual meeting at In-
dianapolis, on the 29th, 30th and 31st of
this month. This, with connected de-
partments, has become an extensive af-
fair. The different departments, each
of which holds independent sessions, are
the general college, high school, village
and country school, and township, town
and city teachers.

Prosperity Fox, of the Farmers' Al-
liance, has named Friday, February 6,
1891, and Washington as the time and
place of holding the first meeting of the
National Legislative council, which is
composed of the national president and
the presidents of all the state alliances.
An important piece of action taken dur-
ing the closing moments of the late con-
vention was the adoption of a resolution
with reference to the support of all al-
liances. The policy of the alliance will
be to withhold all support from news-
papers which do not conduct alliance de-
partments, or, at least, publish alliance
news regularly. This arrangement does
not compel a support of alliance meas-
ures or an advocacy of alliance demands
on the part of those newspapers in their
editorial columns, but does compel a cer-
tain degree of friendliness on their part,
and amounts to an absolute boycott of
all newspapers which do not come up to
the terms of the resolution.

The American Federation of Labor
in convention has adopted female suf-
frage. The Knights of Labor in the
Denver session declared for "equal
rights for both sexes." Oh, the dear
creatures will get there after awhile and
when they do we will have better laws
and the public sentiment back of them
to compel their enforcement.

The state grange finished its sessions
at Lafayette Thursday and the next an-
nual meeting will be held at Indianapolis.
The resolutions passed demanded the
repeal of the law exempting build-
ing and loan associations from taxation;
the reduction of county officers' salaries;
free and unlimited coinage of silver;
repeal of the national bank law; the
substitution of treasury notes as legal
tender; the passage of a law prohibiting
the granting of railway passes; demand-
ing the election of president and United
States senators by direct vote of the
people; prohibiting non-resident aliens
from acquiring real estate in America;
insisting that taxes be placed upon
luxuries and necessities of life, and that
bona fide indolent be exempt from
taxation. The grange also favored the
equality of the sexes before the law.

In its Saturday evening's issue the
Indianapolis News says: "Persons
about the capital this morning were
anxiously asking each other whether
Governor Hovey and his devoted pri-
vate secretary are lost. Last Tuesday
they went to Michigan City to visit the
northern prison. On Thursday morn-
ing they were to visit the northern in-
sanitary hospital at Logansport and reach
home the same evening. They have not
returned yet, and not a word has been
received from them at the executive
chambers. Although there are houses
of detention at both Michigan City and
Logansport, the rumor that the gentle-
man has been persuaded to take up a
temporary abode at either is disre-
garded." We can explain. Governor
Hovey and Secretary Roberts came to
this city and were so well pleased with
their visit, especially with Superintendent
Blake, of the Feeble Minded school,
that they were easily persuaded to pro-
tract it. Lay the blame to Superin-
tendent Blake, Mr. News.

"FARMER" BAINES

Delivers a Grand Address in this
City on Religion and Temperance.

Mr. S. A. Baines, of New York,
famously known as "Farmer" Baines,
the champion of the National Commercial
Travelers' Protective association, de-
livered addresses at the city Y. M. C. A.
rooms Saturday evening and Sunday
afternoon, and also spoke at the Second
Presbyterian church yesterday morning
and last evening to large audiences.

Mr. Baines is a commercial traveler,
and for years has been selling goods for
his firm, the S. A. Baines Hardware com-
pany, but finds time in his busy, active
life to always speak at some place con-
nected with the interest of religion and
temperance, to both of which he is de-
votedly wedded and for which he is
speaking telling blows. He is an earnest,
forceful and interesting speaker and
his audiences in this city were charmed
with his grand eloquence and his able
and convincing way of telling truths in
support of the causes which he loves to
champion. His speeches are replete
with incidents taken from real life and
his admirable way of telling them, with
his eloquent manner of arguing the
questions that he presents for considera-
tion, keeps his audiences interested at
all times.

His address Sunday afternoon at the
Y. M. C. A. was on "Five Words End-
ing with 'y.'" It was to young men and
treated of the elements of character that
they should possess in order to make
a success. First of all, he
said they should have ability. They
should enter a calling in life for which
they are fitted and for which they have
the necessary qualifications. Man often
makes a failure because they have chosen
the wrong calling. Find out what
business, trade, profession, or calling
in this world you are intended for and
then give all your energies to making
yourself a success in it. Don't put a
square peg in a round hole, he said,
or a round peg in a square hole. If
you do you will be sure to make a fail-
ure. Add to ability for your chosen
calling integrity, fidelity, sobriety, and
Christianity, and God will crown your
efforts with success. He spoke of each
of these at length and closed with an
appeal to the young men to lead honest,
sane, virtuous, Christian lives.

In the evening at the Second Pres-
byterian church his address was upon
the subject: "The Home Against the
Saloon." It was a magnificent tem-
perance speech—one of the best ever de-
livered in this city. The ladies, he

said, is building up honesty, virtue,
morality and everything that is true,
noble and grand in life, and the saloon
is doing everything in its power to tear
them down. The saloon costs the people
of this country a billion of dollars
every year and sends a hun-
dred thousand lives to untimely graves,
and yet the government and the Chris-
tian people of this country not only
protect it, but by their actions encour-
age it in its nefarious business. He
drew vivid pictures taken from his own
personal knowledge, of three homes
which the saloon had ruined—homes
which had been bright and happy be-
fore, but which after the last destroyer
had laid its hand on them became homes
of sorrow, of shame, of death—and said
the instances were but types of thou-
sands of other homes in which the
saloon had done the same work. The
saloon, "Farmer" Baines believed, was
the greatest foe that America had. A
hundred years ago, he said, our country
had arisen in its grandeur and thrown
off the yoke of England's tyranny; a
quarter of a century ago it had broken
the shackles of slavery; to-day it was
fawing at the feet of a foe that was do-
ing our people more injury than either
of these, and yet Christian men fold
their arms and allow the saloon to carry
on its work of destruction and death.
He pleaded for an awakening of the
Christians of this country upon this
great question and urged them by their
influence, their vote, their voice, to rise
up and crush this giant evil.

The Decatur Democrat says: "Mrs.
W. J. Veery, of Fort Wayne, attended
the wedding anniversary of her parents,
Judge Stinebaugh and wife, on Tues-
day. Miss L. E. Wilcox, of Bridge-
port, Conn., who has been the guest of
Mrs. Dr. McMillen for several weeks
past, left for Fort Wayne Saturday."

The Bluffton Eagle says: "Mrs. H.
E. Baxton returned to Fort Wayne this
morning. Her nephew, Earl McFarren,
was some improved this morning. But
White, of Fort Wayne, rode over the
twenty-five miles between that city and
Bluffton, yesterday, returning to-day."

KING HENRY VIII.

Frederick Ward and Mrs. Bowers at
Temple To-morrow Evening.

There are but few actors to-day who
can properly delineate Shakespeare's
man and woman, and of those Mr.
Ward and Mrs. Bowers, who appear at
the Temple to-morrow evening in Henry
VIII., are notable examples. Mr. Ward
has spent twenty-three years of his life
upon the stage beginning his career as
the Second Murderer in Macbeth, at the
Lycium theater, Sunderland, Eng. He
remained in Britain, playing at the
principal theatres, until 1874, when
he came to this country under en-
gagement to appear in one of Bon-
oni's plays at Booth's theater. A
year or so after his arrival he toured
the country with Edwin Booth, and
later on, for two seasons, he played
Lago to MacDonough's Othello, and
other chief roles in the late tragedian's
repertoire. Ten years ago Mr. Ward
began starring upon his own account,
and lately he has been recognized as
one of the best dramatic and big paying
stars. Mr. Ward has won his way to
his present position by hard work and
devotion to his profession, and we can
assure our readers that they will find in
him one of the best actors upon the
American stage to-day.

his bicycle, has recovered sufficiently to get around by the aid of crutches and visited his office this morning for the first time. He greeted his many friends with a smile and said it was impossible for him to remain indoors any longer. His recovery will be glad news to his many friends.
Frank Prunier, of the Bass moulding rooms, drove to Oshkosh yesterday. Fred Roemke, of the Bass moulding rooms, was out in the country yesterday.
Wm. Bruns has resumed his position in the Bass boiler shop, after a few days absence.
W. M. Heliker, the popular engineer on the Pittsburg road, is absent from duty on account of the illness of his wife.
D. V. North, fireman on the Pittsburg road, has reported for duty after a long absence, and will resume his regular run on the west end local.

J. F. Foley, of Col. Ferry's office, has been appointed to succeed Mr. Kennard at Indianapolis.
A small wreck occurred near the Hanna street crossing of the Pittsburg road early this morning. Freight train No. 97 was going west and near that place several of the cars jumped the track. Engine 202, of train 66, which was crossing in the yards at that time, ran into the derailed cars and they were smashed to pieces. The pilot was broken on engine 202. The tracks were soon cleared and trains were not much delayed. No one was injured.
The members of the moulders' sick benefit association gave a banquet at the parlors of the Ouster house Saturday evening. During the absence of Jacob Bitt, the regular president, Fred Meyers acted pro tem. Speeches were made by several different parties and songs were delivered by Bruno Baffee and Wm. Eberhart, which received worthy applause. Edward McCumley, one of the oldest members of the association, responded eloquently to the presentation to him of a fancy pipe and tobacco. The members then sat down to an elaborate repast and in a whole the affair was an enjoyable one.
The car wheel moulding department of the Bass works presented a different appearance to our reporter to-day, while making his regular morning trip. In order to turn out double the number of wheels they had the moulds prepared previously and made a double "pour off" to-day. It is very disagreeable in a moulding room when the molten iron is being placed into the moulds, and in consequence our young man did not stay long in that department. The rooms were filled with smoke and dust, and it was almost impossible to see any distance. The red hot car wheels being taken to the cooling off department and sparks flying from the cupolas makes it rather dangerous for visitors. Car wheels, after taken from the moulds, are placed in holes made especially for that purpose and are generally left there for five or six days before they are tested.

WILL TAKE MEANS.
The Officers of Whitley County Want the Kaseel and Meis to be Killed.
Columbia City.
W. G. Gandy, deputy prosecuting attorney of Whitley County, was in the city this morning, and made a demand for Meis, the companion of Kaseel, in the late shooting scrape at Oshkosh. He is wanted on several charges, the latest one being his recent escape. The Allen county officials complied with the request, and Meis was given into his custody. The prisoner made a great amount of fuss about his wounds being so sore, but that has been a common complaint with him. Although having received merely a flesh wound, he has complained much more of his suffering than has Kaseel with a number of bullets in his body. Meis's prospects did not avail him anything, and he was compelled to go to Columbia City.

ercises at the Third Presbyterian church
on to-morrow evening at 7:30 by the
mission band. All the friends of this
society are cordially invited to attend.

Miss Clark wishes to meet every mem-
ber of the Y. W. C. T. U. Tuesday
evening, at 6:45 sharp, at her home, 111
West Wayne street. Business of great
importance. A full attendance impera-
tive.

In the show window of Simon Bros.,
is displayed a handsome clock, the
work of J. G. Brown, a former artist in
this city, who has won fame in the east.
Professor Brown is located in New
York.

D. J. Reddy, foreman in the Fox
cracker manufactory, has moved with
his family into his new home on South
Calhoun street. The residence is a
beauty and is supplied with modern
conveniences.

The St. Mary's river is frozen over
from the "Diamond dam" nearly to Wil-
liamsport. Skates were out in large
numbers yesterday, many of them mak-
ing the trip to the neighboring village
and return in a short space of time.

This morning Frank Mungovan, of
the grocery firm of Markey & Mongo-
van, received a box by express, for
which he paid seventy-five cents
charges. The box was found to contain
waste paper, a piece of railroad iron and
a poem entitled "The Beautiful Sun-
day." If Mr. Mungovan is out of sorts it is
because he was the victim of the afore-
said fake.

Last evening at the Grace church,
Rev. A. K. Zartman finished a series of
eight lectures on "Heaven." His dis-
courses on this subject have drawn a
large attendance, and were interesting.

Next Sunday evening Pastor Zartman
will commence a series of sermons on
"Future Punishment," his first theme
being "Will There be Future Punish-
ment?" The eloquent pastor can handle
the question in an able manner, and his
sermons will be interesting.

The Warsaw Daily Times says: "Dr.
J. W. Young, superintendent of the
Fort Wayne Medical and Surgical In-
stitute, arrived in this city from Michi-
gan last evening, and remained here un-
til to-day at noon. Dr. Young is look-
ing exceedingly well, and the institute,
of which he is the head, is growing
more and more popular all the time. We
were pleased to meet our old friend, as
it was the first time since the great fire
days' reunion at Fort Wayne some years
since."

Last evening Frederick Rippe, the
contracting builder, left over the Fort
Wayne road for New York city, from
which place he will one day this week
sail for Europe. He will remain abroad
three months, most of which time he
will spend in Germany among relatives
and friends. Mr. Rippe is an uncle of
Lionel and Charles Schneider, of the
west side, and is prominently known, as
he has had large contracts and sub-con-
tracts in this city, among which was the
electric light works, the Olds wagon
works, and the Old Fellows' block. He
came to Fort Wayne from Germany
nineteen years ago, and has resided here
with his family continuously since.

Born to Mr. and Mrs. Will Jackson,
of Highland avenue, a son,
H. E. Fuller, of Oak street, has re-
covered from an attack of typhoid
fever.

John B. Wilborn, of Cambridge City,
is visiting Oliver Wright, of Oliver
street.

known pioneer grocer, is visiting at
